

Job Search Resources

ESS Department Resources

Undergraduate Opportunities - <http://www.ess.uci.edu/undergrad/opportunities>. Looking for a job or internship in the Earth system or environmental sciences? The Undergraduate Opportunities site is a great place to start! Students should check the site on a regular basis. It is updated frequently with opportunities specifically for ESS students. The department also sends a monthly Job & Internship Opportunity Highlights email to undergraduates. Contact the department if you have not received it.

Industry Networking Night. The Industry Networking Night is a networking event in Spring Quarter designed to introduce employers to the best and brightest students in the industry. The event gives students the opportunity to learn about various career paths and job roles, and it offers companies exposure to the next generation of professionals who are actively seeking internships and entry-level jobs in the field.

ESS 192: Careers in ESS (seniors only) - <http://www.ess.uci.edu/careers-ess>. Careers in ESS provides an opportunity for students majoring in Earth System Science or Environmental Science to learn about and develop the necessary skills needed to transition successfully from college to career. At this time, ESS 192 is only open to senior Earth System Science and Environmental Science majors.

ESS 197: Independent Study - <http://www.ess.uci.edu/independstudy>. Independent Study gives students the opportunity to earn academic credit for internships (field work, educational outreach, or other independent projects) under faculty direction.

Physical Sciences Mentoring Program - <https://ps.uci.edu/mentor/>. The Physical Sciences Undergraduate Mentoring Program pairs students with science professionals who assist them in developing the professional, interpersonal and networking skills critical to their career success.

UC Irvine Career Center Resources

ZotLink - <http://www.career.uci.edu/zotlink.aspx>. ZotLink is UC Irvine's job and internship listing database with over 22,000 jobs listed each year. ZotLink is unique among job search engines because employers who post opportunities are specifically advertising to UC Irvine students and graduates.

Career Fairs - http://www.career.uci.edu/Students_Fairs.aspx. A career fair is a one day event that provides students an opportunity to meet employers looking to hire full- or part-time professionals. The Career Center hosts a career fair every quarter.

Take 10. The Career Center offers drop-in 10 minute career consultations and resume critiques Monday - Friday from 11 am - 4 pm. No appointment necessary - first come, first served.

Workshops, Career Panels, Company Information Sessions, On-Campus Interviews & More!

Contact the Career Center at (949) 824-6881 or career@uci.edu to learn more.
The Career Center is located on Ring Road at 100 Student Services 1 (across from Starbucks).
