Women's Leadership Expedition Scholarship Offering

June 21st – 28th, Summer 2021

A Journey Into Becoming a Conscious Leader

We feel there is a leader in everyone and we invite participants to awaken, explore, and activate their expression of leadership

Expedition Description

Develop the skills and qualities of becoming a conscious leader, while living on a 40' catamaran in the Caribbean. Our weeklong experiential learning program gives participants opportunities to learn how to be authentic and inspired leaders while adventuring in the local culture of the islands.

Learn to embody leadership as a state of being and state of mind while sailing, snorkeling, hiking, and connecting with local women. Participant-led activities will offer the challenge to apply the lessons, while growing relationships with each other. Stewardship opportunities and free time invite participants to engage with and enjoy the unique surroundings.

Scholarship Details

Scholarship covers housing aboard the boat, food, and excursions. Must be over 18. Candidates must submit an application as well as a coverletter on why you feel you are the best fit for this offering.

It is our goal to better the world through developing female leaders, with an emphasis on character building and community building. We believe we can serve communities through empowering the upcoming generation of female leaders with skills, experiences, and practice in conscious leadership.
